'A caring, country school growing student potential through challenge, creativity and play – every child, every day'

Term 2, Week 10
Thursday 8th July 2021

Achieve and Succeed Me whai, kia angitū

Congratulations to our Students of the Week for displaying the school habits and values as follows:

Archie McKenzie for All the Argyll East Habits and Values – For setting an excellent example of how to settle and listen in class. Archie has shown fantastic manners and made great decisions about how to behave when he is given a task to do. Also, he has a beautiful smile on his face! Thank you for being such a superstar!!

Aurora Gregory for Respect, Perseverance and Thinking – You have really been the master of your own learning this week, Aurora. You read and re-read the pūrākau and directions for the game of Ki-o-rahi so you could teach others. You created and presented an informative kamokamo slideshow. You measured and calculated many perimeters. You ensured everyone got a well browned and sauced sausage for Matariki. What a week! Thank you.

William Cook for Creativity and Perseverance – It has been great to watch you work so diligently on your Careers Day project William. You were focused and listened to feedback, you were also persistent and had to debug problems which resulted in you creating a website to be proud of. Ka Mau te Wehi!

Harry Calder for Thinking and Participating – It has been wonderful to see you participating in your group learning sessions this week, Harry. You are working hard to try your best and think about what you need to be doing. Harry, you are staying more focused on your tasks and it is great to see you making some progress. Keep working hard.

Kia ora koutou,

Another term has come to an end and we have had our ups and downs - lots of great learning opportunities but also an illness that wiped out many students and teachers for some time. Fortunately, most of us are back into it and enjoying the last week of term 2. And it's been a great week!

Congratulations to our teams who competed in the Jump Jam competition on Sunday. It was fantastic to see you all so enthusiastic and enjoying your routines. Well done to both teams for your awards and congratulations to the senior team who came first in their section. Thank you so much to Miss Allen who was the leader of the teams. We really appreciate the time and effort you put into making it such a success for our students!

Careers Day was an excellent event for the final week of term. Ruma Wha and Mrs Smith did an amazing job organising presenters to talk about careers that our students are interested in from truck drivers to civil engineers, interior designers and artists, lawyers and medics, the list goes on. Huge thanks to all of the presenters who were willing to give their time to share their knowledge in interesting ways with our future workforce. Our students in Ruma Wha were also presenters, sharing their individual career inquiries with the rest of the school. Everyone gained a lot from the day and considered it a valuable experience. Well done!

On Monday we had an informative trip to the Farm Road Landfill. Jordarne Wiggins was our teacher for the morning and she filled our brains with lots of information about recycling, waste options and waste management. For the remainder of the week we have had Neen Kennedy delivering the Zero Waste programme to all classes. Neen is also sharing some important ideas and messages for the good of New Zealand and the earth. Thanks to both presenters for working with us so that we can better understand our role in a sustainable future.

Mid-year reports for students in years 3-8 have been sent home with the newsletter today. Please contact classroom teachers if you would like to discuss your child's report or if you have any questions.

Teachers are meeting during the holidays for a term 3 planning session. One focus for next term is our sexuality programme: "Navigating the Journey". *"Sexuality education in NZ takes a positive view of sexual development as a natural part of growing up. It encompasses learning about physical development, including sexual and reproductive knowledge, gender identity, relationships, friendships, whanau and social issues. It sits within the broader area of relationship education which also includes social and emotional learning and violence prevention education."* Teachers will ensure that the contents of each sexuality lesson are sent to you via Seesaw prior to the lesson being taught. This will give you an opportunity to have follow up discussions with your children at the end of each day. Please call the office if you would like to make a time to look at the programme. We will begin the lessons in the first week of term 3.

It's hard to believe that we are into the second half of the year. Thanks to everyone who has helped out in one way or another over the last two terms. We really appreciate your support. Special thanks this week to all of my teaching staff. You do an amazing job, teaching and caring for your students in so many ways. I really appreciate your dedication and hard work. You're a great team!

I hope everyone has a wonderful winter break, relaxing and rejuvenating. I look forward to seeing everyone refreshed and ready for term 3.

Kindest regards,

Julie Thelwall
Principal

HOME AND SCHOOL MEETING
Home and School meeting on **Tuesday 3rd August at 7pm** at Otane Pub. Everyone welcome.

THUMBS UP

- To our Year 1-4 netball coaches this season; Amanda and Shane Godinet, Lisa Butler and Briar Ward.
