*'A caring, country school growing student potential through challenge, creativity and play – every child, every day'*

**Term 3, Week 1**  
**Thursday 29<sup>th</sup> July 2021**

### *Achieve and Succeed Me whai, kia angitū*

Congratulations to our Students of the Week, (from the last week of Term 2) for displaying the school habits and values as follows:

**Ruby Drepaul for All the Argyll East Habits and Values** – You are such a pleasure to have in the classroom. You have worked so hard over the past 2 weeks to create your Careers Day project which was well presented with lots of great information. It was great to see you talking about your chosen career and answering questions about it from other students. Your positive attitude really shines! Keep it up Ruby.

**Veda Haftka for All the Argyll East Habits and Values** – You have an amazing, positive attitude towards school and learning. You always show respect towards the teachers and are always kind to your friends. You have become confident and you are such a bubbly person. I love having you in Ruma Tahī. Keep up the great work!

**Austin Buckeridge for Thinking and Perseverance** – You have worked so hard this term, Austin, to think about the choices you need to make at school. You have also shown how you can manage yourself and show perseverance when you have come across challenges. Austin, you should be proud of the progress you are making.

**Juliet Robinson for Respect, Managing Yourself and Thinking** – You have managed yourself and your learning till the last day of the term. Well done, Juliet. You have put in a huge term's work and made great progress in all areas. You do this through your focus, practice and perseverance. You choose good role models to follow and so you become a role model yourself. Enjoy your holidays and keep learning and having fun on the farm with your whānau.

Kia ora koutou,

Welcome back to school for term 3 everyone. It was great to see an almost full muster on Monday with everyone bright, chirpy and happy to be back.

This week our focus is on *perseverance* and knowing that it's okay to find some things difficult, but you have to keep on trying for things to get easier. During the holidays I had some maintenance done on our school unicycles. To learn to ride a unicycle takes a lot of perseverance. If children want to give it a go, they need to bring in a bike helmet and soon enough they will have the balance and skills to ride a unicycle.

Our winning club for term 2 is Waiū who have chosen to get some new balls for break times as their prize - a group decision and very kind!

This term, the teachers are updating their first aid certificates. We will be doing a four hour course through "First Training" and it will be after school from 3.30 - 8pm on Wednesday 1st September. First Training are happy for community members to join in. They have said that this training can be accredited to any other training that people are required to do in their particular line of work. The cost is approximately \$100. So if you would like to join us, please contact the office as I will need to confirm the numbers attending as soon as possible.

This week I am sending home an emergency plan for off-site evacuation if the need arises. Please read through and let me know if you have any questions. Thanks.

Are there any keen knitters/crocheters in the community who would like to run a lunchtime club once a week for our students. We have put the idea to the students and have at least 10 who are interested in learning to knit or crochet. Please contact the office if you are interested and available. Thanks.

Have a great week,

Julie Thelwall  
Principal
