*'A caring, country school growing student potential through  
challenge, creativity and play – every child, every day'*

Term 4, Number 3

Wednesday 30<sup>th</sup> October 2019

*Achieve and Succeed Me Whai, kia angitū*

Congratulations to our Students of the Week for displaying the  
school habits and values as follows:

**Ashla Holt for Participating, Contributing and Learning** – You get stuck into everything at school from touch rugby to classroom learning to growing potatoes to friendships. By participating so heartily you will get so much from life. You also give lots back to others through your positivity, sense of fun and mischief, perseverance and action. It is wonderful to have you and your personality in our class and at our school, Ashla

**Ruby Butler for Participating and Contributing** – Ruby this award goes to you for the amazing effort you are making in your learning. You transitioned well into Rua last term and have continued to give everything 110%, plus you have a great attitude to go with it. I'm so excited to see what you achieve this term. Keep up the amazing learning!!

**Izaak Chadwick for Managing Self** – Your love of animals really shone through during our pet day. Your kindness and gentleness were evident as you spoke gently and calmly to all the different pets. In the classroom you are listening to instructions and ensuring that you are ready for learning each day. You work collaboratively with others and have a positive attitude to your learning. Keep it up!

**Indie Godinet** – You have fitted right into Ruma Tahī! It's like you were always here! You are enjoying your learning and you're not afraid to give things a try. Keep up the hard work Indie and thanks for being a wonderful help in class.

Tēnā koutou kātoa,  
Hi everyone,

The end of another month has quickly come about and Christmas is on the horizon. We hope you all had a great long weekend despite the rugby situation - no words needed here!

It's not long since the last newsletter, so just a few reminders and requests. First, we are looking forward to Athletics next Monday. Once again, we have attached a slip to this newsletter requesting helpers on the day and runners for the adult relay. Please respond asap if you are able to help in any way. Children are busy practising each day and are getting excited about competing against Sherwood and Tikokino schools. Hopefully the weather will be kind to us. Postponement day is Tuesday 5th November.

Yesterday we had Catherine Knight and Gerry McGirr as visitors to our school. Catherine was at the River Group Conference last year when our students presented information at Massey University about the Mangaotai and wetland restoration. She is writing a book about nature and wellbeing in New Zealand and was interested in seeing the work that our children and community have done first-hand. You can read about Catherine's book at [www.catherineknight.nz](http://www.catherineknight.nz) Gerry is the principal at Woodville Primary School and interested in the nature- education connection. We enjoyed their visit to our school.

It is that time of the year when we are organising Prize Giving awards. Could all trophies and cups be returned to school now for engraving. Thanks.

Have a great week,

Julie Thelwall  
Principal

#### ARGYLL EAST GARDENING COMPETITION

The Annual Argyll East School Gardening Competition is coming up! This is an opportunity for your child to create a garden at home. It could be as part of a bigger family garden, in a tyre, in pots, by the side of the house..... Your child can plant seeds or seedlings, decorate their garden with a scarecrow, write a journal, try companion planting... This is a chance for your child to plan, plant and grow. There is a cup for the best Vegetable Garden and the best Flower Garden. These cups are awarded for the most productive and colourful gardens and the most knowledgeable gardeners. Gardens can be planted now and will be judged in late November/early December. A flyer was sent home last week. If you need a replacement, please let the office know.

#### FARM CLUB

The chickens are laying 4 eggs a day. If you'd like a dozen, they are \$5. On Wednesday we shifted the school cattle.

Catherine Knight from Massey and Gerry from Woodville came to school. Baxter and Maddie showed them around. They were inspired by our plantings and Catherine might write about them in her book. We are thinking about making a spaghetti tangle like we saw at camp. For this we need tyres, an old gate and 200l empty washed drums. Can you help us?

Please remember that fruit contains sugar and acid which can add to the risk of decay in your child's teeth. It is dentally unwise to allow your child to "graze" on fruit. Fruit should be given as part of one of the recommended 3 meals and 2 snacks your child would normally have each day.
